COAL TRAIN STOPPED

A MOB OF MINERS TAKE CHARGE AT YOUNGWOOD.

At the Point of Guns the Engineer Is Forced to Take the Train Back to the Mines—Other Depredations Committed and Trouble Expected.

GREENSBORO, Pa., June 16.—A mob of 800 strikers stopped a coal train on the Youngwood branch of the Pennsylvania railway Thursday night and at the points of guns forced the engineer to take the train back to the Strickler mines, from which it started.

The strikers then partially destroyed the Youngwood bridge, after which they attacked a party of nonunion workmen, badly beating two of them. The railroad company immediately had the bridge repaired and officers are now guarding it.

During the past three days 11 carloads of negroes have been brought into this region and by tomorrow there will be over 3000 negroes at work. The coke shipments this week were 800 cars.

Lawlessness at Coffey Station.

PITTSBURG, June 16.—Coffey Station, on the Baltimore and Ohio railroad, 25 miles south of here, was the scene on Thursday night of considerable lawlessness. About 10 o'clock the tipple at Scott's works was set on fire and destroyed, together with two gondola cars. An hour later an attempt was made to wreck an express train by wedging a tie in a frog. The express leaves Pittsburg at 9:20 o'clock, and fortunately was running so fast that the tie was reduced to splinters and the train sped on without the passengers being made aware of their narrow escape.

The strikers deny responsibility for the outrage and guards have been put along the road to prevent further damage.

Will Accept the Agreement.

BELLE VERNON, Pa., June 16.—Strikers at Brownsville met Thursday night and decided to return at the Columbus agreement. This practically destroys all hope of continuance of the strike by Fourth Pool miners.

Pitsburg and Lake Erie road offered a reward for the arrest of strikers who destroyed the trestle and cut the wires on Thursday. The trestle has been repaired and trains are running.

Strikers Destroying Property.

GREENSBURG, Pa., June 19.—A large number of strikers attacked two deputies on guard at the Central works at Tarr station Friday night and overpowered them. The strikers then blew up the tipple and fan house with dynamite, completely wrecking both structures and causing much damage as well as suspension work for an indefinite time.

Dynamite Placed In Coal.

BEAVER FALLS, Pa., June 19.—While unloading a car of coal at at Shovel works today two sticks of dynamite eight inches long were found. It is supposed the dynamite was placed in the car by strikers, but fortunately was discovered in time to prevent explosion.

NEGRO SKINNED ALIVE.

Citizens of Southeast Georgia Summarily Deal With a Rapist.

ATLANTA, June 18.—Telegrams received in this city from sources considered reliable tell of a sensational and most horrible affair which is said to have occurred near Blackshear, in Pierce county, Wednesday night. Pierce is one of the southeast Georgia counties, difficult of access, and for that reason the information is not as definite as it should be.

The story is that Monday morning a negro brute assaulted and raped Miss Herring, a young lady of highly respectable family, the daughter of Mose Herring, whose home is 14 miles southeast of Blackshear. The negro met Miss Herring, who was walking near her father's house, knocked her down, accomplished his purpose despite her struggles and screams, and then ran off, leaving her for dead. He escaped to the woods, but the young lady recovered sufficiently to raise the alarm, and the neighbors, white and black, started in pursuit.

A posse of 15 or 20 caught him, took him to Miss Herring, who fully identified him as her assailant, and then proceeded to administer the punishment which they thought fitted the crime.

They threw a rope around his neck and pulled him up to the limb of a tree, telling him to stay there awhile.

They then let him down and literally skinned him alive. The negro lived six hours after he had been subjected to this treatment and was conscious part of the time. It looks as if the people of Blackshear were endeavoring to keep the particulars of the affair from the public, hence the difficulty in obtaining more definite details.

Attempted to Take Crispi's Life.

ROME, June 19.—An attempt to assassinate Premier Crispi was made today. The premier was driving in his carriage to the chamber of deputies when a man suddenly drew a revolver from his pocket and fired at him. The premier was not wounded and springing from his carriage he seized the would be murderer and held him until a policeman arrived. Great excitement prevails throughout the city and the premier is being congratulated on all sides on his narrow escape.

TAKES HIS OWN LIFE.

Ex-Congressman Bayne Suicides at His Washington Residence.

WASHINGTON, June 19.—Ex-Representative Thomas M. Bayne of Pittsburg committed suicide Saturday at his home on Massachusetts avenue in a fashionable part of the city by shooting himself through the heart. It is supposed ill health and possible financial reverses caused the act. Bayne was one of the best known Republican politicians in the city and was on the ways and means committee in the last congress in which he served. He resigned his seat voluntarily.

The deed was due to ill health. About 8 o'clock Mr. Bayne called a nurse and said he was suffering, having just had a hemorrhage, which had covered his breast with blood.

The nurse did everything in her power to make Mr. Bayne comfortable, but while she was absent from the sick room for a moment a shot rang out. She rushed back and found her patient lying unconscious, with a revolver beside him and a ghastly wound in his right temple.

Medical aid was speedily summoned and Dr. Sowers responded, but when he reached the bedside Mr. Bayne had breathed his last.

Colonel Bayne had accumulated a snug fortune. He was founder of the Pittsburg Press and was interested in many other enterprises. He was a Mason of high degree and was present at the recent state conclave of Knights Templar in this city, at which he appeared to be in the best of spirits.

Bayne's Funeral.

WASHINGTON, June 19.—The body of the late Thomas M. Bayne was taken to Pittsburg Sunday night over the Pennsylvania road in a special car accompanied by Mrs. Bayne, Hon. John Dalzell, Hon. William A. Stone, Mrs. Martha Tease, sister of the deceased, and Mrs. Ewing. The funeral will take place from the residence of Mrs. Tease at Bellvue and the interment will be at Union cemetery, Allegheny City.

SIX TO HANG AT ONCE.

The Federal Court at Paris Passes Sentence Upon Murderers.

PARIS, Tex., June 19.—Emerson Allen, Cephas Wright, Thompson Wade, Thomas Westmoreland, Eugene Fulks and Tom Moore, the three first named Indians and the last three white men, have been sentenced in the Federal court to be hanged on Sept. 28. All were convicted of murder. John and Fillmore Ball and Bob Boutwell will be sentenced on July 9, unless a motion pending for a new trial in arrest of judgment is granted.

Rev. Zachariah Parker, formerly of Dallas, who was recently convicted of presenting false pension claims on two counts, today threw himself on the mercy of the court and was fined $50 and given 18 months imprisonment. He is 64 years old and up to the time of his arrest was a prominent Methodist minister in Dallas and Sherman.

SUSPECTED FIRE BUG LYNCHED.

A Louisianna Mob at Monroe, Swings J. H. Day to a Limb.

MONROE, June 16.—A suspected firebug was lynched here Wednesday night. About 9 o'clock fire was discovered in a vacant residence in the upper end of town and the fire was promptly extinguished. Half an hour later another fire was discovered in the lower end of town, and suspicions of the people were then aroused. Bloodhounds were put on the trail and after taking a circuitous route they went to the house of a white man named J. H. Day. As all circumstances pointed to him being the party, he was jailed.

Later in the night a mob broke into the jail, took him out and swung him to a limb. There was no doubt here but that Day was the right party and is suspected of complicity in numerous other incendiary fires which have occurred here lately.

Old Liberty Bell's New Pavilion.

PHILADELPHIA, June 19.—The old Liberty bell has been taken down from the place where it has been suspended in Independence Hall, and placed in the handsome square pavilion made of quarteerd oak and glass. It is situated now in the middle of the east room, occupying 72 square feet of floor space, and is the most striking of all relics by reason of its magnificent house.

Wiman Declared Guilty.

NEW YOKK, June 18.—Erastus Wiman has been found guilty of forgery in the second degree. The maximum penalty for the offense is 10 years at hard labor in the state prison. Under the recent laws passed by the legislature the minimum penalty has been abolished and Mr. Wiman may be sentenced to a term of imprisonment from 1 day to 10 years.

DOINGS OF CONGRESS.

SENATE STILL DEBATING ON THE TARIFF BILL.

Portion of the Wool Schedule Disposed of and the Silk Clause Taken Up—The House Finishes the Appropriation Bills After Much Discussion.

WASHINGTON, June 12.—Two hours was consumed in the house over a bill reported by Mr. Outhwaite, setting aside $100,000 from the fund belonging to the estates of the deceased colored soldiers of the civil war for the purpose of erecting in the District of Columbia a national home for aged and infirmed colored people. The bill was passed.

The Indian appropriation bill was then taken up, but the house adjourned without completing its consideration.

WASHINGTON, June 13.—Among the bills received in the house from the senate was one for the relief of Wetmore & Bro., which passed immediately.

Mr. Breckinridge (Dem., Ark.) secured the passage of the senate bill to grant the use of certain lands in the Hot Springs reservation to the Barry hospital.

A bill to disapprove the treaty made with the southern Indians for their removal to the territory of Utah and providing for settling them on lands under the severalty act was passed.

The Indian appropriation bill was taken up and Delegate Flynn of Oklahoma obtained the adoption of an amendment waiving the restrictions to the sale of lands owned in severalty by Indians over 21 years of age, so far as applies to the citizen band of Pottawattomies, except when such Indians are residents of Oklahoma.

An amendment was offered by Mr. Holman increasing the appropriation for the support and civilization of the Apaches, Kiowas, Comanches, Wichitas and affiliated tribes on reservations, $90,000 to $100,000. Adopted.

Mr. Cannon (Rep., Ills.) offered another amendment increasing the appropriation for the Shoshone Indians in Wyoming from $10,000 to $15,000. Agreed to.

WASHINGTON, June 14.—A long debate was precipitated in the house on an amendment by Mr. Johnson (Rep., Ind.) raising the salary of the superintendent of Indian schools from $2500 to $3000, the figure at which it is fixed in the current appropriation bill. The amendment was finally defeated by 86 to 94, after it had been the cause of hot words and almost a fight between Mr. Johnson and Mr. Maddox (Dem., Ga.) who were kept apart by the sergeant-at-arms. Mr. Johnson also made a bitter personal attack on Mr. Holman.

The old sectarian question in connection with the Indian schools was raised by Mr. Geary, who offered an amendment providing: "It is hereby declared that it is the purpose of this act that no money herein appropriated shall be paid for education in sectarian schools, and the secretary of the interior is hereby authorized and required to make all needful rules and regulations to prevent the use of said funds in sectarian schools."

A point of order was made against this amendment by Mr. Tracy on the ground that it changed existing law and the chair sustained the point.

WASHINGTON, June 15.—The Indian appropriation bill was again considered in the house and a rule adopted to bring it to a vote today. The section of the bill providing for the sale of certain state bonds credited to the Indian trust funds was struck out on a point of order after a sharp debate.

The evening session was devoted to private pension bills.

WASHINGTON, June 16.—The Indian appropriation bill was passed by the house substantially as it was reported from the committee. A determined effort was made to kill the bill by a motion to recommit with instructions to strike out the provisions for contract schools and to provide for the erection of government Indian schools, but it was unsuccessful.

The Senate.

WASHINGTON, June 12.—The absolute blockade of the tariff bill in the senate was in marked contrast with the wonderful progress made Monday. Not a cog was turned. The entire eight hours were devoted to set speeches preliminary to the consideration of the wool schedule.

During a lull in debate Mr. Mitchell of Oregon moved to lay the tariff on the table. The motion, however, was without special significance and was defeated by a strict party vote.

Mr. Chapman, the Wall street broker who refused to answer questions, was reported as contumacious to the senate by the sugar investigating committee and a resolution was introduced to bring him to the bar of the senate for contempt.

WASHINGTON, June 13.—After the morning hour the tariff discussion was resumed in the senate, the pending question being Mr. Peffer's amendment to restore 50 per cent. of the duty on raw wools.

Mr. Sherman was recognized and made a vigorous speech against free wool.

At the conclusion of Mr. Sherman's speech Mr. Dubois of Idaho argued the subject at considerable length, as did also Mr. Stewart of Nevada.

Mr. Hansbrough (Rep., N. D.) opposed free wool, as did also Mr. Mitchell (Rep., Or.). Mr. Quay then took his manuscript from his desk and began the eighth installment of his famous speech, begun just two months ago.

The senate at 5:30 o'clock went into executive session and shortly afterward adjourned.

WASHINGTON, June 14.—When the tariff was laid before the senate Mr. Lodge took the floor with an argument against free wool.

Mr. Teller followed with some remarks in favor of a duty on raw wool. Several other senators joined in the discussion, some in favor of and some against free wool.

Before adjournment Mr. Harris intimated that if a vote was not reached on the wool schedule today he would insist on night sessions.

Before the tariff bill was taken up the following bills were disposed of: To pay Joseph Redfern, one of the Ford theater victims, $3748; to authorize the appointment of women as public school trustees in the District of Columbia; for the development and encouragement of silk culture in the United States; to pay the heirs of James Bridger $6000.

WASHINGTON, June 15.—When the tariff bill was laid before the senate Mr. Dolph took the floor and resumed the speech he was making against free wool when the senate adjourned Thursday night. He began with a sarcastic reference to the impatience manifested by Mr. Harris, the Democratic manager of the bill, because the bill was not rushed through with haste.

Mr. Peffer offered some modifications to his proposed amendment for a duty on raw wool.

Several amendments were proposed, but all were defeated, even Mr. Peffer's amendment.

Mr. Peffer then offered an amendment to place all articles of manufacture composed wholly or in part of wool, hair of the goat, camel, or alpaca on the free list. After some discussion of this amendment, at 6 o'clock on Mr. Cockrell's motion the bill pending for the deficiency in the appropriations for the government printing office was passed, and then, at 6:10, the senate went into executive session, and 10 minutes later adjourned.

WASHINGTON, June 16.—After some unimportant business the tariff bill was laid before the senate and a vote was immediately taken on the pending amendment of Mr. Peffer to transfer all manufactures composed wholly or in part of wool to the free list. It was defeated by 3 to 46. Three Populists Allen, Kyle and Peffer voted in favor of it. Mr. Hansbrough announced he would have voted aye had he not been paired.

The senate then plunged into actual consideration of the woolen schedule. First paragraph 278, placing a duty of 15 per cent. on wool and hair in the the form of stubbing waste, mungo shoddy corded, waste carbonized noils and wool in the form of roving roping or tops in following paragraph dutiable at 15 per cent.

Vest explained that the finance committee had been moved to place a duty on shoddy and waste in order to exclude them from country to end that manufacture of shoddy so prevalent in this country might to a certain extent cease. One of the purposes of placing wool on the free list was to discourage the manufacture of shoddy. Under the McKinley act the manufacture of shoddy, Vest said, had doubled last year, it reached $90,000,000.

All the amendments were disposed of and the silk and silk goods schedule taken up. With the exception of partially manufactured silk from cocoons, this schedule was also completed.

Cleveland Leaves the Capital.

WASHINGTON, June 16.—President Cleveland has quit Washington for rest and recuperation from his recent illness. It is the intention of the president to cruise down Chesapeake bay as far, perhaps, as the capes, in order to enjoy the ocean breezes and the trip is expected to last four or five days.

Simpson Improving.

WASHINGTON, June 16.—Representative Jerry Wilson is steadily improving.

Hamilton Confirmed.

WASHINGTON, June 14.—The senate has confirmed W. Oscar Hamilton to be attorney for the Northern district of Texas.

WASHINGTON, June 15.—The president has sent to the senate the name of John B. Gorman of Georgia to be United States consul at Matamoras, Mex.

Dry Dock For Sabine Pass.

WASHINGTON, June 15.—The house committee on naval affairs has made a favorable report on a bill authorizing the president to appoint a commission to select a site for a navy yard and dry dock at or near Sabine Pass, Tex.

Carload of New Wheat Marketed.

HENNESSY, O. T., June 19.—George Moshier, a farmer living two miles west of this place, sold a carload of No. 2 wheat raised this year. This is the first carload of wheat marketed in Oklahoma of this year's yield and brought 40 cents per bushel.

Starved His Wife to Death.

RUTLAND, Vt., June 14.—Isaac Hantis, an aged miser worth $75,000 was fined $1000 for starving his wife to death.

MR. PHELPS NO MORE.

HE BREATHES HIS LAST AT ENGLEWOOD, NEW JERSEY.

His Family and a Few Special Friends Surrounded His Bed When the Dissolution Came—He Held Many Places of Honor With Distinction.

ENGLEWOOD, N. J., June 19.—Wm. Walter Phelps breathed his last Sunday morning at 2 o'clock after a long illness. The immediate family and a few special friends were at his bedside when the end came.

Mr. Phelps' end was peaceful, calm as though falling into a slumber. Mrs. Phelps is prostrated, the result of her long watch by her husband's bedside.

The arrangements for the funeral have not yet been made, all that has been decided upon up to the present is that services will be held Wednesday.

Wm. Walter Phelps' ancestors came to this country in 1630 and settled near Simsbury, Conn. William Walter's father, John J. was the first to leave the settlement and took up his residence in New York, where he left a fortune to his family when he died.

Wm. Walter Phelps was early sent to Yale and in spite of an affection of the eyes, which took him out of college for a

WILLIAM WALTER PHELPS.

year, and for another year prevented him from reading, he won many honors and stood second in his class at his graduation in 1860. In the Columbia law school he secured the valedictory in 1863. Entering active practice he became counsel for the Rock Island and the Delaware, Lackawana and Western railroads, the United States Trust company, the City bank and other corporations before he was 30 years old. Gov. Reuben E. Fenton offered him a judgeship, which he declined, and in 1869 the death of his father compelled him to retire to the management of the estate and the trusts connected with it.

He had always taken a keen interest in politics, and was an enthusiastic Republican. In 1879 he was himself elected to the house from the New Jersey district where his country place was situated. He took high rank as a debater almost at once, and became noted as one of the few men to whom the house would always listen. From the outset of his congressional career Mr. Phelps showed independence, and once on one party measure, the so-called civil rights bill, which as a lawyer he declared unconstitutional [as the courts subsequently held], he voted against the Republicans. This vote cost his re-election. He was defeated by seven votes in a district that he had previously carried by 2715.

In the last two national conventions he was a delegate-at-large from New Jersey. In 1881 President Garfield sent him as United States minister to Austria, where his familiarity with the language and customs of the country, his liberal mode of life and his intense Americanism made him a valuable representative. On the change of administration he at once tendered his resignation and finally retired in August, 1882. He was immediately elected to congress again from his old district and continued to serve through the Forty-eighth, Forty-ninth and Fiftieth congresses, always running hundreds and sometimes thousands ahead of his ticket. His assignment on committees required him to give much attention to foreign affairs, but he has also taken especial interest in discussions on the tariff, the merchant marine and the congressional library. Shortly after President Harrison's inauguration he was appointed minister to Germany, in which position he served with much distinction.

May Exterminate Them.

ARDMORE, I. T., June 16.—It is learned here that on authentic information a party of 12 determined citizens from near Woodford, I. T., have the remainder of the Dalton gang surrounded in a cave in the Arbuckle mountains. A posse of deputy United States marshals left here on a hot trail of the robbers Thursday going in that direction and have not since been heard from.

Thirty Persons Drowned.

DUBLIN, June 15.—A boat containing 80 persons while crossing from Achille to Westport, County Mayo, capsized yesterday and 30 of the number were drowned.

Destroyed by Lightning.

WARSAW, N. Y., June 19.—The railroad station at Wyoming was destroyed by lightning Saturday.

One of the proctors of the Dublin university had a dog whose eyes were very unequal in size. A friend once expressed surprise at this peculiar characteristic. "Yes," said the owner, "and he takes a mean advantage of the fact whenever I have a stranger to dine with me. He first gets fed on one side of my guest, and then goes round the table to the other side and pretends to be a different dog."

Important Information.

The "Rock Island Route" is now running through vestibule sleeping cars between Texas and Colorado, leaving Fort Worth daily at 8:15 p. m., and arriving in Denver at 7:45 second morning. Mystified Red Men.

Soon after the Northern Pacific railroad had been completed west of Bismarck some Indians climbed on a train and were given the privilege of a free ride. They were of the Gros-Ventre tribe, and in a seat in front of them was a woman with false teeth. In their presence she took her teeth out and afterwards replaced them. The noble reds were astonished at this performance. They clapped their mouths in loud hi-hi-hi's, ran to the brakeman and asked him plainly if he could take his teeth out. They appeared to think that this particular feminine pale face had some supernatural gift and offered their guns, clothing and all their worldly possession for her teeth. Then they walked up to the woman and attempted to peer into her mouth; but the old lady was equal to the occasion, for she scolded and abused them so soundly that, afraid of bad medicine, and in great alarm, they insisted on leaving the train at the very next station they came to.—Billings [Mont] Letter.

AN INTERESTING SKETCH.

Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, we feared St. Vitus dance, and was positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she has taken only three bottles of Nervine she now weighs 106 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and no money could procure for our daughter the health Dr. Miles' Nervine has brought her.

When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle, we began giving it to Blanche, and the effect was almost immediate."—Mrs. R. R. Bullock, Brighton, N. Y.

Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid. It is positively free from opiates or dangerous drugs.

Sold by all druggists.

CONFIDENCE! Where art thou?

DEGRADE labor and you pollute the state.

"TARIFF" is "the all absorbing question."

HAPPY homes is the safety of good government.

MEMBERS of the old parties are on the eve of a huge strike.

DEVOTION to principles, not hypocracy, is what is needed.

WACO is filled with populists to-day, who are attending the state convention.

AT last the city of Plano has gone undemocratic. It voted in favor of local option.

COL. W. M. FLOURNEY, of Waco, has aligned himself with the populists.

POPULISTS, stand to your guns, (the ballots). The hosts of corruption are weakening.

THE democratic party is hunting for "one more chance" to get out of the hole,

THE democratic party is dealing in "visionary schemes" —sugar for instance.

SENATOR QUAY says that he bought and sold sugar stock and would do so again.

THE government furnishes private clerks to senators and congressmen to buy sugar stocks.

THE bribery investigating committee at Washington needs a committee to investigate it.

THE man who thinks that the democratic party has a monopoly of intelligence and honesty is certainly blind to existing circumstances.

THE salvation army works to reform the lowest element. Why not send a brigade into the halls of congress.

THE people trusts the senators, the senators trusts the trust, and the trust plays the d—l with the people. Bust the trust.

AN exchange says there are three great political parties in the United States, one is the populist and Grover Cleveland is the other two.

THE trusts and combines, aided by the United States congress, have robbed the people of the United states of enough to pay for all the railroads within our borders.

F. C. THOMPSON, of THE MCKINNEY DEMOCRAT, the leading populist paper of North Texas, is a delegate from Collin county.—Waco Day Globe.

EX-REPRESENTATIVE THOMAS M. BAYNE, of Pittsburg, Pa., committed suicide in Washington last Saturday. Ill health is the cause ascribed.

WE suggest that another clerk be furnished each senator and congressman. The field of speculation is too broad for one clerk.

SENATORS and congressmen before their constituents advise the voters to "take it straight," but the lawmakers never fail to to take sugar in theirs.

THE first bale of cotton for this year was received at Santiago last Tuesday. This is a big state. The cotton in this county is just beginning to bloom.

THE populist state convention convened at Waco yesterday. The nominations made and other matters of interest connected therewith will be given in our next issue.

WE regret, exceedingly, to hear of the death of the wife of Brother B. C. Murray, editor of the Denison Gazetteer. Mrs. Murray was loved by all who knew her.

DEMOCRATS voted to place wool on the free list but would not vote to put woolen goods on the free list. Populists voted to put manufactured wool on the free list.

HON. J. H. (Cyclone) DAVIS says: "We want to establish an aristocracy of industry, merit and honor, instead of an aristocracy of wealth, arrogance and idleness."

WE are told that the populists have no record. Thank heaven for this fact: They can congratulate themselves that the miserable record of the present cogress is not theirs.

WANTED: A democratic principle that the leaders of that party have not been on both sides of within ten years, or a republican principle that they have not endorsed.—Reasoner.

GOVERNOR HOGG and posse are in the north and east in a vigorous search for "confidence." We suggest that Governor Hogg bring back the amount of the sugar bounty due the state and place in the empty state treasury.

THE populists seem to be united almost as one man on Judge Nugent. All hands, including Judge Nugent's political opponents, admit that he is a man of the highest integrity and respectability.— Dallas News.

THE Kansas state treasury shows a cash balance of $893,430 18. It looks as if it would be well for Tennessee to have a populist government for a few years.—Reasoner, (Tenn)

Amen, for Texas.

MR. K. BRADLEY, of Mansfield, Tarrant county, Texas, died last Friday. Mr. Bradley was a former citizen of Collin county, having published the Collin County Mercury for a number of years. At the time of his death he was editor of the Tarrant County Banner. We extend sympathy to the bereaved family.

THE Waco Day-Globe is one of the most enterprising and liberal dailies in the state. Its efforts in behalf of the forthcoming cotton palace at Waco is to be commended. The citizenship of Waco have a right to be proud of the Day-Globe.

THE populist congressional convention at Whitesboro last Monday nominated Rev. U. M. Browder, of Gainesville, for congress from the 5th congressional district.

WE connot give reports of all the local option elections which seems to be becoming epidemic over the state, but must say that prohibition is gaining ground and fast. It has carried most of the elections, and in some places where its advocates had little hope of success.

THE spring poet has evidently been getting in his work at Washington, as the following in a Washington special which appeared in the daily papers recently will show:

Mary had a little lamb,
And its wool she used to spin it
But Wilson took the tariff off
And she has to skin it.
—Wolfe City Sun.

WE have labored under the impression that the populists favored an expansion ef the currency, but we must be mistaken. Every populist in the house voted against state banks.—Fort Worth Gazette.

The pops have always been misunderstood by the one-plank associated press democrat. This vote of the pops is the only eye opener the Associated Press has let through in some time. The pops want honest money—no wildcat, if you please.—Peoples Paper.

"THE spawns from the cab ins by the wayside recieve just sufficient education at the free schools to make them communists and anarchists when grown."

This was the contemptable language that fell from the lips of that aristocrat, plutocrat and anarchist who has been cultivating a taste for decency the past year in Turkey, and is now at home working in the interest of his boss and Wall street. His name is A. W. Terrell.—The Truth.

THE condition of the people in the drouth stricken counties of Starr and Hidalgo is distressing in the extreme. Calls to the people of more favored localites are made for food, clothing seed and money. Good rains have fallen recently, but without help the people have no means of subsistence till something can be raised. The following is the relief committe for Hidalgo county. Any contributions forwarded to them will be distributed faithfully among the most needy and a true record kept of such distribution for the future inspection of anyone who may wish to do so.

Hood's Has Merit

One Bottle Convinced Continued Use CURED

Hip Disease, Sciatic Rheumatism, Eczema.

Mrs. A. S. Bowen
Cline, Arkansas.

"I read that one bottle of Hood's Sarsaparilla would convince me of its merits, and I have found this statement to be strictly true.

"Some two years ago two ulcers appeared on my hip, which, after being sore a long time, broke and discharged. I also was attacked with sciatic rheumatism, my leg being drawn so that I could hardly get around the house. I hardly knew what a good night's rest was. The hip trouble caused me great trouble and annoyance, and eczema appeared on my hands. Naturally I began to run down, was weak and low spirited. The physician told me my hip would have to be operated upon before I would get any better. At last I decided to take one bottle of Hood's Sarsaparilla. In three weeks my rheumatism entirely disappeared and I found that

I Was on the Gain.

This was very encouraging, and I found that I could sleep well at night. My health steadily improved, and, of course, I continued taking Hood's Sarsaparilla. My hip has been restored to good condition, the sores have stopped discharging and healed up. I am able for the first time in three years to do my own housework, and can walk two miles without trouble. I have no symptoms of rheumatism; that tired feeling has entirely left me. My neighbors say I look

Better Than For Many Years.

I do earnestly recommend Hood's Sarsaparilla to all sufferers, especially those afflicted with impure blood." MRS. A. S. BOWEN, Cline, Ark.

From Blue Ridge.

Blue Ridge, Tex, June 18, '94

The populists of precincts No. 8 and 3 met at Gray Bill, June 16, in convention, which was called to order by chairman Pruett.

W. W. Maddox was appointed secretary.

The chair stated that nominations were in order for commissioner. J. F. Cave of precinct 3 was placed before the convention and nominated by acclamation, then the populists of precinct No. 8 was called to order for the pupose of nominating a justice of the peace and constable. The names of T. A. Pruett and W. J. Norwood were placed before the convention, the result of which was Pruett 8, Norwood 7. Pruett was declared the nominee. N. R. Williamson was nominated for constable. All report gains in all parts of the precinct and we feel assured of electing our ticket.

There are going through this district democratic candidates telling the people that our land plank means a division of lands among the people. They know it is misrepresenting our platform. We do not want to vote for a party that is so hard up for something to catch votes with.

The democrats about Blue Ridge are getting restless.

Success to our paper.

WATCHMAN.

Pike Makeup.

Pike, Texas, June 18, 1894.

Editor Democrat:

As we have seen no news from Pike for some time in the columns of THE DEMOCRAT, we will now come to the front again and announce that Pike is in the lead in the way of a grand picnic. The annual picnic at this place has for a long time stood high in the class of social gatherings in Collin county and in the future will rank second to none.

Our committees on arrangements and on invitation, have done their work with care and dispatch. The committee on invitation has secured the services of the following gentleman to address the people on the political issues of the day: Populist, Hon. Wm. Farmer; will have Hon. J. H. Davis if possible. Democrats, Lieut Governor Crane will be present to address the people. Big guns in a big town fired at big people causes great excitement and we will have a fine time. We expect to have people from all parts of the country. Come one, come all, everybody is welcome.

Harvesting is in progress. Wheat is a fairly good yeild, while oats is a little above an average. Corn is the most flattering prospect for many years. Cotton in the hail district is growing some; aside from that cotton is fine.

Merchants are doing a thriving business at present.

Health of the community is very good.

Success to THE DEMOCRAT and its many reaeers.

H. P. J.

There will be populist speaking at the following places and dates:

Copeville,	June	23, at 1 p. m.	
Nevada,	"	"	at night.
Josephine,	"	25	" "
Little Creek	"	26	" "
Prairie Grove	"	27	" "
Rock Quarry	"	29	" "

A fair division of time will be made with any democrat.

Frightened to Death.

Wylie, Collin Co., Tex., June 17.—Mrs. J. R. Flanagan, who lives one half mile north of Wylie, while visiting near Plano yesterday evening got scared at a runaway team that was hitched to a thresher. She was thrown into convulsions, bursting a blood veeel in her brain from the effects of which she died in a few hours. Mrs. Flanagan was in delicate health.

A reporter at Free Grass, Tex., writes us that the alliance is on a boom in his community. Five new members were initiated at the last meeting, and three applications recieved. The populist club at that place numbers 15. The reporter thought that Coxey's army was passing through his community a few days ago, but on closer observance he discovered it was only a horde of local candidates for democratic nominations, and were begging for votes—not bread!

Mrs. J. M. Phillips, of Plano, died last Monday Morning.

J. C. moore is building a large brick business house at his old stand.

Mr. J. L. Davis of Rhea's Mill has been quite sick this week.

Mrs. E. B. Sligh, mother of Prof. T. S. Sligh, has gone to Athens, La., to spend the summer months.

Tobe Hughes, a popular young man of Van Alstyne, visited the family of Capt Love Sunday.

Judge Merrill Johnson, of Paris, Texas, was greeting his many friends on our streets Monday.

John R. Smith, a prominent farmer of East Collin, was in town the early part of the week.

T. W. Youngblood, merchant of Rock Hill, paid a business trip to the county capital Monday.

Prof. P. B. H. Shearer has moved into the residence formerly occupied by Tom Dies on North College street.

Rev. Morris of the Methodist church in McKinney preached the baccalaureate sermon for the Columbia college at Van Alstyne Thursday evening.

Pimples, boils and other humors of the blood are liable to break out in the warm weather. Prevent it by taking Hood's Sarsaparilla.

We are compelled to leave over a report of the McKinney Institute commecment exercises, two or three communications and other matter for want of space.

Mr. W. S. Smith, who has taught two very successful terms of school in the Helms district, was in town Friday and Saturday. He has been secured to teach in the Lone Elm district this year.

Capt. Rhea left last Saturday on an extended trip of the state While gone he will attend the commencement exercises of the State University at Austin, where his son, Alex. is preparing for the bar.

Mrs. T. S. Sligh in her inimitable way, entertained a number of the Sapphonians Friday evening. Inclement weather prevented many from attending but those who did attend report a royal good time.

Several Collin county citizens of Cherokee descent, went up to the territory this week to receive their shares of the sales of the Cherokee strip bonds which were recently purchased by Wilson and son of New York for about seven millions (7,000,000) of dollars.

Uncle Harrison Brummett an old land mark of east Collin died very suddenly one day last week. The deceased was a brave confederate veteran, a devout christian, and a staunch sympathizer with the reform movement in his country's political affairs. Thus in his quiet, unassuming way, he lived to a ripe old age and left to his loving relatives and hosts of friends as a heritage, a memory pure and spotless, to which the young will be pointed as a guiding star, to direct them in all the honorable walks of life,

The literary department of the Epworth League rendered an interesting program Friday evening. Mrs. John Johnson, Jr, entertained the leaguers on that occasion at her pretty home. Refreshments were served and a most pleasant time was had by all.

Are you insured? If, not, now is the time to preside yourself and family with a bottle of Chamberlain's Colic, Cholera, and Diarrhœa Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 26th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhœa. Having sold Chamberlain's Colic, Cholera and Diarrhœa remedy for the past seventeen years and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce a diarrhœa. Every one should procure a bottle of this remedy before leaving home. For sale by R. E. Bristol.

Just west of Henry Herndon's drug store you will find Tommy Jones who sells groceries, the quality and price of which will make you smile.

COMMENCEMENT NOTES.

The report of the commencment exercises was unavoidacrowded out this week it will appear in our next issue.

Large crowds attended each of the several entertainments connected with the commencement.

The Petersburg Normal adjourned Thursday in order to permit its members to attend commencement day exercises.

Prof. and Mrs. Sligh dined the members of the graduating class Thursday.

Rev. Howell and wife, of Plano were in attendance at the commencement day exercises.

Mrs. A. H. Rowe, of Ennis, Texas, mother of Miss Carrie who attended school at the institute the past term, came up and spent a few very pleasant days with us during the week.

Miss Olive Standifer, of Rustin, La., who attended school at the Institute during the session just closed, returned to her home Friday last. Miss Standifer is an accomplished, pleasant young lady, possessing many admirable qualities which won for her a host of friends who sincerely regret to lose her from our midst.

Mrs. Lina Reams came all the way from Wilson, La., to witness the exercises of the graduating class of which her daughter, Miss Doda, was a member.

Each young lady member of the graduating class read an excellent essay to a crowded, though attentive audience commencement day, and George Yeargin, the only young man graduating, delivered the valedictory address, which abounded in gems of thought, and words of touching sentiment.

Misses Doda Reams and Carrie Rowe departed from McKinney Friday morning for their homes in Wilson, La., and Ennis, Texas. A number of the friends of these young ladies were at the train to see them off, and the many kind expressions and words of adieu spoke but feebly of their regret at seeing them leave. We hope to again see these young ladies in our midst as visitors at least, if not as pupils once more.

Evidently Prof. Shearer felt the effect of his unexpected cauing Tuesday evening very sensibly, and to add to his embarrassment, the unsympathetic audience applauded to the echo. Mr. Andrews who wielded the cane for the clase(?)

Splendid order was characteristic of each of the several entertainments, and even the ever present small boys of McKinney immortalized themselves by their unusually good conduct.

We heartily sympathize with all who did not attend these exercises, for you surely missed a treat.

The annual address commencement day was a masterly, eloquent effort.

On elocution night each member of the class was the recipient of one or more presents from the delighted audience.

President Sam Moulden presided society night with that ease and naturalness becoming one holding such a dignified and honored position.

The participants in the primary and intermediate exercises Monday evening acquitted themselves in a manner that would have reflected honor upon older and more advanced pupils.

Hon. Quinn T. Moreland was entertained while in McKinney by Prof. and Mrs. T. S. Sligh.

$100 Reward, $100.

The aeader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address.

The colored people of this city celebrated Emancipation day with a picnic. Many visitors from other points were here. The McKinney military company, (Col.) led by the silver cornet band, (Col.) gave a street drill at 11 a. m. The McKinney first nine (Col.) and the first nine (Col) of Plano played a matched game of base ball which resulted in favor of the McKinney nine by the following score: McKinney 29, Plano 10.

Populists, democrats and republicans have harmonized on the fact that Tommy Jones handles the best stock of groceries at the lowest prices of any house in the county.

Behind The Bars.

McKinney, Collin Co., Tex. June 15.—Amos S. Beck, who has been living in Collin county, between Allen and Plano, for about eighteen months, was arrested yesterday by officers Campbell and Young charged with murder committed in Rome, Ga., in 1886. While on their way to McKinney Beck jumped from the buggy and escaped. He resorted to all cunning artifices, such as retracing his steps, wading in the middle of streams, etc., to throw the blood-hounds off his track, and even after he was overtaken several shots were fired at him before he surrendered.

To The Voters of McKinney.

McKinney, Tex. June 15 '94.
Gentlemen:

It is well known that the municipal corporation is corrupt. We haven't scarcely a sewer in town. If we get one the man that needs it has to furnish the lumber, therefore our town is destitute of sewers. We have done enough work in the last 15 years and spent enough money to have had every inch of sewer that is necessary in the town and the rain sewers would continue good for the next ten years without any more work or money. Well, the dads will ask how could that be done? Answer: By using bur oak two inches thick such as I laid my sidewalk joining Ed Stiff's. The dads will ask how long will your bur oak sidewalks last? Forty years. Now for the proof. I have a bur oak plank in my yard that is 42 years old, and never has been under a shelter, as sound as a gold dollar.

The next question is: What kind of lumber do the dads use? They use pine lumber scant one inch and a half thick some sap, plenty of knots, the remainder haven't. How long will a sewer of that kind last? Dolf Parker says they will last three years, if there is no engine runs over them. How long will a bur oak sewer last? 25 years. What will the bur-oak lumber cost to get enough to run the country and towns? It will cost one-third more than the pine. The same work will put them in. The dads of the corporation that have seen my walk have surrendered to bur oak. Now for the county that is going to take work. We have to beat the present party, before we can use buroak. I have tried the commissioner's court for the last 15 years. they refuse bur oak; prefer pine, when they know one bur oak bridge floor laid with plank two inches thick will outlast six pine floors, such as we are using. There is another thought in this change. We will use our own timber and keep our money in Collin, in place of sending it to other countries.

Another thought, last but not least, we will give our home people labor.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea —the Mother's Friend.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTYN, D. D., New York City.

Castoria.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhœa, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARDEE, M. D., 125th Street and 7th Ave., New York City.

With Full Power to Ratify Treaty.

SAN FRANCISCO, June 18.—Lai Yung Loi, formerly Chinese consul general at this city, received notice from the emperor of China of his appointment as embassador to Mexico with full power to ratify the treaty between China and Mexico. The treaty provides Chinese citizens may become citizens of Mexico. There is no laws of registration or exclusion. Chinese will extend some privileges to Mexicans.

Failure at Fort Worth.

FORT WORTH, June 16.—A. J. Anderson, wholesale dealer in electrical sporting goods and cutlery, has executed a deed of trust for the benefit of creditors named to secure a debt amounting to $43,000. Unsecured liabilities will swell the amount of the failure to between $50,000 and $60,000. Assets not more than 55,000.

State Teachers' Convention.

GALVESTON, June 13.—Information received here is to the effect that 3000 teachers will attend the State Teachers' convention, which will convene here June 26. Ample provisions have been made for their comfort and entertainment.

Behind the Bars.

MCKINNEY, Tex., June 19.—Amos S. Beck, who has been living in Collin county about 18 months, was arrested by Officers Campbell and Young, charged with murder committed in Rome, Ga., in 1886.

Electric Van.

An electric parcels van is now to be seen gliding along the streets of London, steering in and out of the thickest traffic in the easiest manner. It is claimed that the cost of working a two horse van by electricity does not exceed 4 cents per mile. A speed of 30 miles an hour can be attained, and if the estimates of the owners are realized, we may soon see a revolution in street vehicles. —Ex.

Unknown Dead.

Denton, Denton Co., Tex., June 17.—A man whose identity is unknown and whose mind was demented, died in the hospital department of the county jail to-day. He was about 38 years old, about 5 feet 8 inches in heighth, light hair, eyes and complexion, with light, thin beard and had but one arm, the other having been amputated. He was taken in charge at Sanger, this county, while in a non compos mentos state and when examined for papers by which he might be identified a pocket-book with memoranda sheets and "Wear & Boogher Dry Goods Co., Sixth and St. Charles streets, St. Louis Mo.," printed on the back was found in one of his pockets. The book contained the following papers: A receipt from Rice, Stix & Co., St. Louis, No. 7586, dated Aug. 23, 1890, to D. M. Lawrence for $200; receipt from Rainwater, Boogher & Co., St. Louis, dated Aug., 30, 1890, to D. M. Lawrence for $100; a statement marked paid from Samuel C. Davis & Co., St. Louis, for $59,30 and given to D. M. Lawrence, Whitesboro, Tex., and an accident ticket with the Traveler's insurance company of Hartford, Conn., to D. M. Lawrence, Whitesboro, Tex.

The officers feel confident that the man is not the one whose name is indicated in the papers. On the back of the statement were the following scriptural words: "Let the words of my mouth and the meditation of my heart be acceptable in thy sight, O, Lord, my strength and my redeemer.

The man was strangely affected. Nothing could be learned of his past life and if he could talk he had no inclination to do so. His appearance indicated that he had been a man of more than ordinary intelligence. His remains were interred by the county this afternoon.

Did you ever hear of a man trying to lift an unfortunate woman when she falls from the high pedestal of honor and virtue? I think not. When once she trips and falls from her high and honorable position, she lands into a hell from which no human hand will stoop to lift her out; husband and father, brother and son, alike, are deaf to her agonizing cries for mercy, thrusts her from their sight. But, on the other hand, I have seen man fall as low as it is possible for man to fall; I have seen the wife lift the husband from the gutter and press him to her heart as though he were a god; I have seen the wife follow the husband through this life in one constant whirl of misery and when by the gates of hell they are separated, weep because she can go no further. I have have seen the mother follow the son, and the sister the brother, through paths man has never been known to follow woman. Who is to blame for the downfall of woman? Let the angels in Heaven be the jury and God Almighty the judge.—Bob Burdette.

Had Never Used Alacrity.

"Are you a good, plain cook, Mary?" asked the lady of the house of the tenth applicant for a position.

"Yes, 'um."

"Are you a good laundress?"

"Yes, 'um.'

"Are you quick with your work? Can you clean with alacrity?"

"Yes, 'um, I guess so," replied Mary doubtfully.

Then in a burst of confidence she said:

"You see, mum, I don't know much about alacrity. In my last place they used sand and soap for scouring and cleaning."—Ex.

The Earth Rocks in Spain.

Madrid, June 12.

An earthquake shook several districts of Andalusia yesterday, and a number of persons were killed. In the towns of Granada and Almeria many houses were destroyed and several persons were killed.

At Natimento, 24 miles from Almeria, several houses collapsed. Several persons were killed and a number wounded. A church and several school houses are among the ruined buildings.

Hard Times in Georgia.

"What do you think of the times, colonel?"

"Hardest I ever saw."

"Worse than the war?"

"Ten times worse than the war. We all had plenty of money then."

"Yes, but you had to pay $50 for a pair of boots then."

"Don't care a darn if I did. I had the $50. Now I haven't got 50 cents.—Atlanta Journal.

Life In New York.

When in Dallas last month Mr. Dixon, the celebrated minister, told the Dallas News that "life in New York or Chicago is strained, feverish and unnatural. Wickedness and vice are the natural products of the existing conditions, and the partition wall between those cities and hell is so thin you could break through with a vigorous push of your finger.

SNAP SHOTS.

[Dallas News.]

Unfinished business—duty.

The best way for some people to forge to the front is for them to take a back seat.

Life is a stage and the blinds are the curtains Pull them down.

If a young man will try his hand instead of his mouth he is almost sure to succeed.

It takes about all most people can earn to keep up appearances.

Common sense is mind and all the rest is matter.

The self-made man sometimes goes to pieces.

Generally speaking—the candidates.

Nothing embarrasses a couple of lovers more than to have the father of the young lady ask them what they are eating at midnight.

He Didn't Advertise.

A man went into a store and asked if he could rest four or five hours. The proprietor who had just found a nest of new born mice in the coffee grinder, told him he could, and then asked him why he didn't go to a hotel. The man replied: "I am suffering from nervous prostration, and the doctor said to get a quiet place to rest and as I see you don't advertise, I knew that I couldn't find a quieter place." And with that he settled back in his chair and watched the swallows build a nest in the cheese case.—Ex.

In the distribution of that Cherokee per capita of $265 68, infants in arms come in for a full share same as grown people. In anticipation of the distribution there has been a remarkable activity in the infant industry of the Cherokee nation during the past year. Five hundred Cherokee kids have been born within the past four months. Lo, the poor Indian, has an eagle eye for the main chance.

Fearful Mine Accident.

Trappan, Austrian Silesia, June 15.—Terrible explosions occurred in Franzieka and Johannes mines at Karwin. Full details are not yet received, but it is believed fully 200 miners were killed. A rescue party which descended into the mines this morning was also killed. Later: 246 were killed.

The following story is told of Gov. Flower, of New York:

Once upon a time during the absense of his wife and family in Europe, he gave an elaborate dinner to a number of his bachelor friends at his residence in New York. It was not a temperance feed by any means. The drinkables were plenty and palatable. Tom Ochiltree was among those present. He was the last to leave. He had an enviable cargo aboard. Flower accompanied him to the top of the steps leading from the street to the door. There were six steps. "Tom," said Flower, "there are twelve steps out there, as I have no doubt you see. There are two carriages out there, which I feel sure you see. Count six steps, Tom, then you can move forward safely. Take the next carriage to you; the other one ain't there.—Ex.

A Case in Point.

Mrs. Watts—This talk of husbands having to foot the bills for presents they get from their wives is the sheerest nonsense going.

Mr. Watts—How about it when she presents him with twins.

An editor on being asked if he ever saw a bald headed woman, replied in the following vein "No, we never did. Nor did we ever see a woman waltzing around town in her shirt sleeves with a cigar between her teeth and into every saloon she saw. We have never seen a woman go a fishing with a bottle of whiskey in her pocket sit down on the damp ground all day and go home drunk at night. Nor have we ever seen a woman yank off her coat, spit on her hands and say she could lick any man in town. No, God bless her, she isn't built that way."

A Dog's Life.

"Yes, sir, ever since he married that wealthy heiress he has led a regular dog's life."

"I hops that will be a warning to——"

"He has, in fact, nothing to do but eat, drink, sleep and submit to being caressed."—Nessier Zeitung.

That herd of buffalo in Val Verde county, in Southwest Texas, was seen again last week by Mr. Phillip Thornton. They were quietly grazing in a little valley near the Rio Grande, completely shut in by hills. He estimates their number at fully fifty, among them several calves.—Ex.

OFF.

(Farm & Ranch.)

Dear Doctor Ragland: This appears like an off year. The frost knocked the fruit off, the blight is knocking the leaves off, therefore the profit is off.

Prices are nearly all off, and people are slipping off on the off side

The boys burned their hats off, but when Cleveland knocked silver off they "walked off on their ear."

Sam Jones knocked the devil off, and Parson Griffin killed him off, therefore Clark and Reagan have nothing to contend with except the "deep blue sea."

Those who fail to be at our Houston meeting will cast off a grand opportunity, and find themselves "way off their base."

The root knot and the root rot may not all be rubbed off, but their distinction will be "taken off" as plain as a knot on a log.

Let us not run off after every "wind of doctrine," but "keep off the grass."

Yours officially,
E. W. KIRKPATRICK.
